ENGINEERED SKINCARE

IMAGE NOW. *Age later.*®

# FUTURE-PROOF ENGINEERED SKINCARE

Level up with engineered formulations and multi-patented technology  
that accelerate visible change in the skin's appearance.

# the MAX™

AGE-DEFYING • CORRECTIVE • TRANSFORMING

## THE INNOVATION

### PATENTED DROP-BY-DROP MICROBURST TECHNOLOGY

Experience engineered formulations powered by microburst technology, a patented delivery system that protects key ingredients until the moment they disperse on the skin. With up to 15 billion\* microdroplets, this Harvard-developed science preserves the potency of key ingredients, so they reach your skin in their purest form.

\*In 50 mL the MAX™ contour gel crème container

## MICROBURST TECHNOLOGY

### **Encapsulated preserved ingredients**

remain pure and untouched until the instant they touch your skin.

### **Optimized delivery**

allows key ingredients to burst onto the skin with each application.

### **Sophisticated sensations**

with hybrid formulas that feature refreshing water-based ingredients, along with comforting oils that melt onto the skin.

# PRESS REWIND ON WRINKLES

## the MAX WRINKLE SMOOTHER

Smooth things over with our groundbreaking serum that combines a wrinkle-fighting peptide, high-tech lifting polymer and plant stem cell technology to reduce the appearance of wrinkles.

Wrinkle-smoothing precision with an advanced peptide that targets wrinkle formation pathways to smooth the look of forehead lines, crow's-feet and expression lines

Nutrient-dense plant stem cells derived from sweet iris help to provide a visible tightening effect

A transparent lifting polymer creates a second-skin smoothing effect on wrinkles, pairing with plant stem cells that firm the skin's appearance

## the MAX WRINKLE SMOOTHER TARGETED ZONES

### THE FORMULA

Acetyl hexapeptide-1

A wrinkle-fighting peptide that targets wrinkle formation pathways to help defend against visible expression lines

Sweet iris

An aromatic sacred plant that is shown to help firm and boost the appearance of lax skin

Caesalpinia spinosa fruit extract  
and kappaphycus alvarezii  
(red algae) extract

A naturally derived polymer that creates an invisible, mesh-like network to visibly reinforce and lift the skin

# RECLAIM YOUTHFUL CONTOURS

## the MAX CONTOUR GEL CRÈME

The MAX contour gel crème defies the visible effects of gravity, restoring the look of firmness and volume to the lower face. Feel the moisture-melting effect as skin becomes less vulnerable to visible sagging, thanks to key peptides that lift and plump its appearance.

An anti-gravity peptide lifts and firms the skin's appearance

A lipo-filler helps to counteract the appearance of sagging and redefine the appearance of facial contours

Nutrient-dense plant stem cells derived from iris and orchid flowers help to restore facial firmness

The instant moisture-melting effect releases nourishing oil microdroplets that plump up the appearance of lax skin

## the MAX CONTOUR GEL CRÈME TARGETED ZONES

- 04 - FACIAL SAGGING**
- 05 - NASOLABIAL FOLDS**
- 06 - MARIONETTE LINES**
- 07 - JAWLINE**

### THE FORMULA

Sodium acetylated hyaluronate	A bioavailable form of HA that offers a flash-filler effect to smooth the appearance of wrinkles
Acetyl tetrapeptide-2	A specialized anti-gravity peptide that supports collagen and elastin fibers in the skin, resulting in a visible plumping effect
Sweet iris and orchid stem cells	Derived from unique flower extracts, they help to improve the appearance of tone and elasticity
Babassu oil	A moisture-rich Brazilian oil that melts onto the skin on contact, providing a softening and smoothing effect

# PREVENTION+®

PROTECTING • MOISTURIZING • DEFENDING

## THE INNOVATION

### MULTI-ACTION DIGITAL AGING DEFENSE™

Discover already-award-winning broad-spectrum sun care, now reinvented with Digital Aging Defense. With dual protection, it helps to shield against the elements that damage our skin—blue light and environmental stressors that cause dryness, discoloration and other signs of premature aging.

# BLUE LIGHT: THE EVERYWHERE LIGHT

Blue light (high-energy visible light, or HEV) comes from the sun and electronic devices like smartphones, computers and tablets. In short, it's something our skin encounters every day. Our modernized formulas feature Digital Aging Defense to help fight the effects of blue light and environmental stressors.

## BEHIND THE +

Digital Aging Defense offers greater light protection with hydrolyzed pea protein, a naturally derived ferment that has been shown to protect the skin from the aging effects of blue light and environmental stressors.

Antioxidant blend helps to protect against environmental factors that cause skin damage.

Made with EcoCert organic zinc oxide, a reef-safe mineral UV blocker that protects against the sun's UVA and UVB rays. Zinc oxide is an approved natural ingredient by the Natural Product Association. Its EcoCert certification ensures compliance with rigorous environmental and social sustainability standards worldwide.

Thoughtfully formulated without the sunscreen actives octinoxate and oxybenzone, and free of parabens and artificial fragrances.

Touched with a hint of citrus essential oils for a naturally uplifting scent.

# FIND YOUR FORMULA

## PREVENTION+ daily ultimate protection moisturizer SPF 50

This lightweight formula delivers ultimate broad-spectrum protection against the sun's harmful UVA and UVB rays. Formulated with organic zinc oxide and UV blockers homosalate, octocrylene and octisalate for seamless application that disappears into the skin.

Choose it for: Our strongest protection. Perfect for outdoor activities and high sun exposure

## PREVENTION+ daily hydrating moisturizer SPF 30

This ultra-hydrating daily moisturizer delivers broad-spectrum pure mineral protection against the sun's harmful UVA and UVB rays. Featuring a 100% mineral filter, it spreads easily and evenly, leaving a perfectly hydrated finish.

Choose it for: Lightweight, everyday wear under makeup or alone to moisturize and protect the skin

## PREVENTION+ daily tinted moisturizer SPF 30

Enhanced with just a hint of color, this all-mineral tinted SPF moisturizer subtly evens out skin tone and gives a radiant, healthy-looking finish. It helps to cover the appearance of redness while blending seamlessly for the perfect broad-spectrum base.

Choose it for: A subtle hint of color and priming protection

## GIVE LIPS THE PROTECTION THEY DESERVE

## PREVENTION+ daily defense lip enhancer SPF 15

Protect and perfect with an all-new lip complex with mineral SPF 15 protection. Enhanced with palmitoyl tripeptide-1, a biomimetic peptide that moisturizes and boosts the appearance of lip volume. Microspheres of marine collagen rehydrate on contact to help plump the lips' appearance.

Choose it for: Plumping SPF 15 protection
